

Are you a compliance professional who's passionate about protecting the environment? Do you go out of your way to reduce, reuse, and recycle? Do you envision a waste-free future?

If you answered yes to those questions, then we'd like to hear from you.

We are the [Resource Productivity and Recovery Authority](#) (the Authority) and our vision is a circular economy today for a waste-free tomorrow. Our mission is to support compliance with individual producer responsibility through education and enforcement to foster Ontario's circular economy, spur innovation, and protect the environment.

Our mandate from the Government of Ontario is to advance a circular economy by enforcing the requirements of the [Resource Recovery and Circular Economy Act, 2016 \(RRCEA\)](#) and the [Waste Diversion Transition Act, 2016 \(WDTA\)](#) and their related regulations.

We are looking for a talented and committed individual to join us as a **Compliance Manager, Inspections** to support the government's efforts to protect the environment and accelerate a new economy in which all waste is reused, recycled and reintegrated.

Compliance Manager, Inspections

The Compliance Manager, Inspections is a key member of the Compliance and Registry Team and is responsible for the leading the operational day-to-day management of the Authority's compliance and inspection program using modern regulator principles. The Manager will lead a team of Compliance and Registry Officers (CROs) that is responsible for enforcing the requirements under the RRCEA and the WDTA and their associated regulations including: the Tires Regulation, the Batteries Regulation, the Electrical and Electronic Equipment Regulation, and anticipated RRCEA regulations for Hazardous or Special Products and Blue Box materials.

Practically speaking, you will:

Operational Management:

- Manage the day-to-day compliance functions of the Compliance and Registry team
- Develop compliance plans and processes; audit and verification process and standards as required under the applicable regulations, including all associated internal and external materials, for approval; and monitor CROs to ensure effectiveness and provide advice to the Deputy Registrar on improvements
- Ensure the implementation of audit and verification processes and standards; compliance plans and processes; periodic internal reviews to ensure established plans and processes are followed; and report the results to the Deputy Registrar
- Use graduated compliance tools, including Communicating for Compliance principles and practices, to achieve compliance
- Manage process for escalating cases to the Deputy Registrar and Registrar, including developing appropriate recommendations
- Manage the operationalization of the compliance and enforcement risk management framework

- Adhere to modern regulator principles, including Communicating for Compliance principles and practices
- Provide guidance to the Deputy Registrar on engaging with the regulated community on compliance matters
- Support the Deputy Registrar on issues management and representing the Authority as delegated by the Deputy Registrar
- Liaise with other Authority staff to ensure efficient and effective exchange of information
- Act as a cross-functional lead representing the Compliance and Registry Team across the organization on projects as directed by the Deputy Registrar

Leadership:

- Manage, motivate and support the development of the Compliance and Registry Team through informal and formal methods including daily guidance, mentoring, structured training, and individual performance management
- Provide clear direction to the Compliance and Registry Team; foster a flexible team approach; and establish responsive, effective, and efficient working practices with a proactive approach to issues and challenges
- Ensure the Compliance and Registry Team has been properly trained on the Registry system; the legislative framework; and operational policies and procedures as directed by the Deputy Registrar and Registrar
- Make recommendations on training and professional development requirements for the Compliance and Registry Team
- Champion an organizational culture of collaboration and continuous improvement
- Support the Deputy Registrar in setting team-level performance objectives and conduct performance evaluation of direct report

Registrant Service:

- Respond to general enquiries and concerns escalated to the Manager
- Assist the Compliance and Registry Team during periods of high demand as required

Working at the Resource Productivity and Recovery Authority

This is a permanent full-time role working Monday-Friday from 9:00am-5:00pm, with flexibility as needed. Our highly attractive total compensation plan includes a competitive salary (commensurate with experience), health benefits, a defined contribution pension, personal days and three weeks of vacation to start

During COVID-19, we work remotely and support flexible work schedules. Upon our return to the office, you'll need to be able to commute to our office. We are conveniently located in North York on the Yonge subway line at Sheppard Avenue.

We are a small team operating in an entrepreneurial environment. We are looking for team players who know what all hands-on deck means, can hit the ground running, and are ready to make the job their own. You'll have plenty of opportunities for growth, development, and mentorship as you learn from our talented team. Our hope for you is that you'll be able to fine-tune your skills and move upward in our organization.

You will be a part of a collaborative team doing ground-breaking and meaningful work with a critical environmental and economic mission.
