## Introduction

- What is HSP performance reporting?
- What data needs to be reported?
- How to log into the Registry
- How to manage contacts on your Registry account

## How to submit your producer performance report

- Step-by step instructions on how to complete the report

## Additional resources

- More resources to help further answer your questions

# Introduction

# What is Hazardous and Special Products performance reporting?

HSP performance is an annual report that producers with obligations under the [Hazardous and Special Products \(HSP\) Regulation](#) complete to report on their collection and management activities from October 1, 2021 to December 31, 2022. **The deadline to submit performance reports is September 15.**

This guide will assist producers who have not retained a producer responsibility organization (PRO), or a PRO to partially report on their behalf, to understand what data they need to report and provide step-by-step instructions on completing the report in RPRA's Registry.

Further information about the HSP Regulation can be found on RPRA's [website](#).

If you have further questions that are not answered in this guide, please contact the Compliance Team at [registry@rpra.ca](mailto:registry@rpra.ca) or call 1-833-600-0530.

# What data needs to be reported?

Producers, or PROs on their behalf, of **oil filters, oil containers, antifreeze** are required to report the following information from October 1, 2021 to December 31, 2022:

- A list of all collection services provided, including collection sites, collection events, call-in collection services and curbside pickup.
- A description of the activities undertaken by the producer to comply with the promotion and education requirements.
- The name and contact information of each processor.
- The weight of the material(s) supplied to consumers in Ontario.
- The weight of recovered resources.
- The weight of recovered resources accounted for to meet the producer's management requirements.
- The weight of materials processed from that type of HSP that were:
  - Land disposed,
  - Incinerated,
  - Used as a fuel or a fuel supplement, or
  - Stored, stockpiled, used as daily landfill cover or otherwise deposited on land.

# What data needs to be reported? cont.

Producers, or PROs on their behalf, of **oil filters, oil containers, antifreeze** are required to report the following information from October 1, 2021 to December 31, 2022:

- A list of all collection services provided, including:
- The locations of collection sites,
- If applicable:
  - Curbside collection services,
  - Collection upon request,
  - Collection events, and
  - Call-in collection services.
- Every hauler, processor or disposal facility that is part of their management system.

# What data needs to be reported? cont.

## Note:

RPRA's Registrar is delaying the performance audit requirement due to the ongoing development of the Hazardous and Special Products Resource Recovery Performance Audit Procedure.

**Only performance data is required to be submitted by the September 15 deadline.**

The performance audit will be required later in 2023 once the procedure is finalized.

# How to log into the Registry as an account admin

The report is completed online through RPRA's Registry.

You can access your Registry account here: [registry.rpra.ca](https://registry.rpra.ca)

## Tips for logging into the Registry for the first time:

- If you don't have an account, click "Don't have an Account? Create a new Account".
- The Registry **will not work** with the Internet Explorer web browser. Google Chrome is the recommended web browser to use.

## Tips for logging into an existing Registry account:

- If you already have an existing Registry account, you do not need to create a new one.
  - Simply log into your existing account, which will bring you to the homepage where you will see all programs you are enrolled in.
  - If you have forgotten your password, click "Forgot Password" on the login screen and follow the instructions provided.
- Watch [this how-to video](#) if you would like to watch step-by-step instructions.

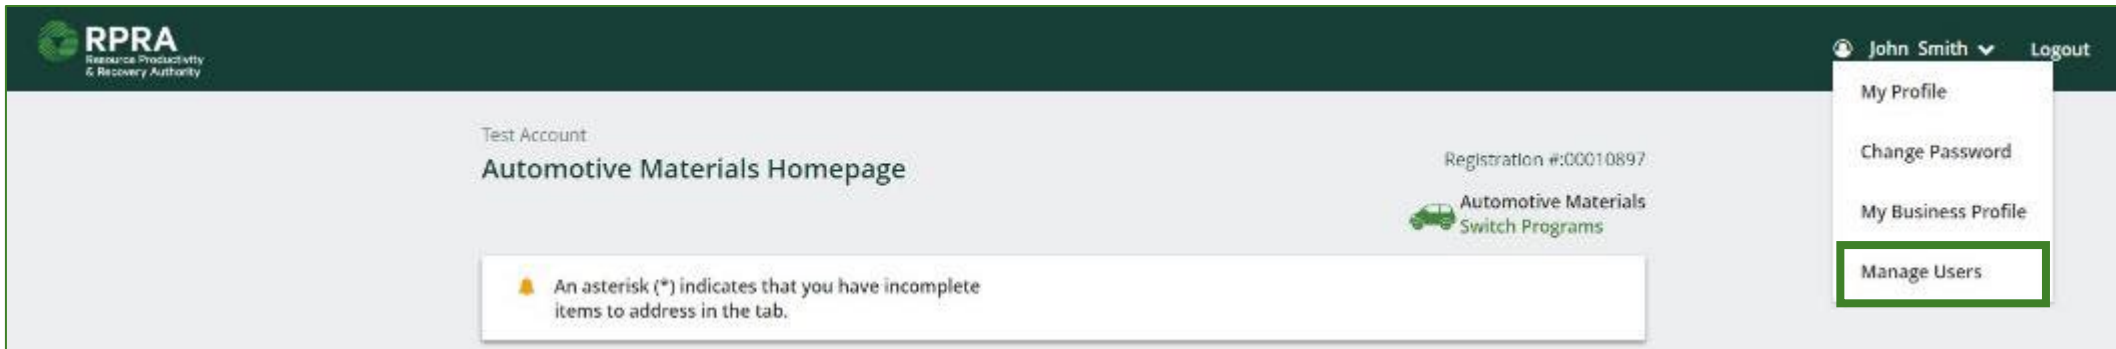

# How to manage contacts in your Registry account

Account admins must add any new or manage existing primary contacts under the program they wish to give them access to (e.g., permissions to view and complete reports). Read this [FAQ](#) for more information on user levels in the Registry.

To manage contacts in your Registry account, see the following steps or watch our [how-to video](#):

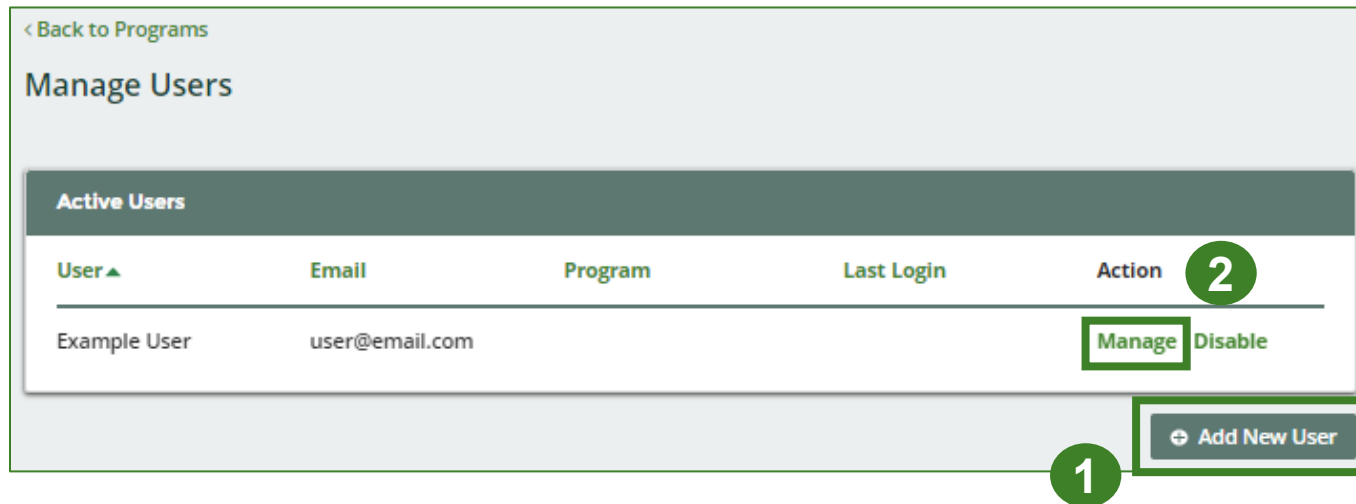

1. Once you are logged into your account, click on the drop-down arrow in the top right corner and select **Manage Users** as shown below.

The screenshot shows the RPRA (Resource Productivity & Recovery Authority) Automotive Materials Homepage. The top navigation bar is dark green with the RPRA logo on the left and the user name 'John Smith' with a dropdown arrow and a 'Logout' link on the right. The main content area is light gray and contains the text 'Test Account' and 'Automotive Materials Homepage'. On the right side, there is a registration number '00010897' and a link for 'Automotive Materials Switch Programs' with a car icon. A notification box at the bottom left states: 'An asterisk (\*) indicates that you have incomplete items to address in the tab.' The user menu dropdown is open, showing options: 'My Profile', 'Change Password', 'My Business Profile', and 'Manage Users'. The 'Manage Users' option is highlighted with a green border. A green circle with the number '1' is positioned to the right of the dropdown menu.

# How to manage contacts on your Registry account cont.

1. Click **Add New User** to add an additional user to your account.
2. Under Action, click **Manage** to update preferences of existing users.

# How to manage contacts on your Registry account cont.

## Adding a PRO to your Registry account

As a producer, you can add a PRO, or multiple, to report on your behalf for Performance Reporting and Management Reporting. From the Pesticides Homepage, you will see the following message to identify a PRO.

1. If you will not be contracting with any PRO, click the **No** button.
2. If you are contracting with one or more PROs to act on your behalf, click the **Yes** button.

Has your business contracted one or more Producer Responsibility Organizations (PROs) to act on your behalf?  
If so, click Yes to identify them, their responsibilities, and provide them access to report performance on your behalf. Only make a selection once you know whether or not you will be working with a PRO.

1  My business will not be contracting with any PROs.

2  My business has contracted one or more PROs.

In addition to following these steps, you can learn how to add a PRO to your Registry account by watching this [how-to video](#).

# How to manage contacts on your Registry account cont.

## Adding a PRO to your Registry account

If you are contracting with one or more PROs to act on your behalf and have clicked the Yes button, you will be taken to another screen to manage reporting responsibilities.

1. Select the PRO that will be reporting on your behalf from the drop-down menu.
2. You will select the **year of service start and end date**. Once you have added them, the PRO will see the reports they are required to complete.
3. To add additional PROs, click **Add PRO**.

The screenshot shows the 'Manage Reporting Responsibilities' form. It is divided into two main sections. The top section is for the current producer, 'Yellow4Green', and includes two dropdown menus for 'Responsible for Performance Report' and 'Responsible for Collection and Management Report', both currently set to 'Reports in part'. A green box labeled '1' highlights these dropdowns. The bottom section is for adding new PROs, with a table containing columns for PRO, Service Start Date, Service Stop Date, Materials, and two report responsibility dropdowns. A row is filled with 'PwcTest', '2-Jan-2023', '2-Jan-2024', and checked boxes for 'Antifreeze', 'Oil Filters', and 'Oil Containers'. A green box labeled '2' highlights this row. At the bottom right, a green box labeled '3' highlights the 'Add PRO' button. At the bottom of the form, there is a checkbox for confirming the contract and a 'Done' button.

# How to submit your producer performance report

The next few slides will guide you with entering your **collected material(s)** data.

# Performance report

## Accessing your program

1. After logging in, click on the icon for the **Automotive Materials** program on your dashboard.

# Performance report

## Starting your report

1. Click the **Producer** tab.
2. Under **Action**, click on **Start** to begin completing the Automotive Materials Performance – Producer report.
3. After clicking **Start**, a notice will appear. After reading the notice, click **Proceed**.

**Note:** Only the roles you are enrolled in will be clickable (e.g., if you are only a producer, you cannot click into the other role tabs.).

The screenshot shows the 'Automotive Materials Homepage' for 'Jenny's Auto' with registration number 00025663. A notification states: 'An asterisk (\*) indicates that you have incomplete items to address in the tab.' The 'Producer \*' tab is selected in the navigation menu. A table lists reports with columns for Report, Status, Last Updated By, and Action. The '2021/22 Automotive Materials Performa...' report is highlighted with a green box and a '2' in a circle, with its 'Start' button also highlighted. Below the table, a dialog box titled 'Attention' contains the text: 'It is an offence if you submit false or misleading information to the Authority.' The dialog has 'Cancel' and 'Proceed' buttons, with 'Proceed' highlighted and a '3' in a circle next to it.
